TAKE AWAY

PORTABLE

LED / Polycarbonate+Silicone+Wood

USB Charger

Take Away is much more than a portable rechargeable table lamp. It has been conceived to change the perception of lighting: to bring it closer to the user; make it warmer; to ultimately humanize light. Thanks to its small size, ergonomic handle and light weight, you can pick it up, transport it and put it wherever you need it.

Take Away es mucho más que una lámpara de sobremesa portátil recargable. Ha sido concebida para cambiar la percepción de la iluminación: acercarla al usuario, hacerla más cálida; en definitiva, humanizar la luz. Gracias a sus reducidas dimensiones, a su ergonómica asa y a su ligero peso, puedes cogerla, transportarla, y situarla donde más la necesites.

WALL

LED SMD / Die Cast Aluminium+Opal Glass

What happens when you rethink established ideas? This was the starting point in the creation of Tone, an outdoor wall light that reinvents and reformulates the well-known concept of the light fixture. Tone has a high resistance to inclement weather thanks to its protection index and materials. Its opal diffuser allows it to emit diffuse, cosy light for outdoor environments.

¿Qué sucede cuando replanteas lo ya establecido? Ese fue el punto de partida en la creación de Tone, una luminaria de pared de exterior que reinventa y reformula al ya conocido aplique. Tone presenta una alta resistencia a las inclemencias medioambientales gracias a su índice de protección y a sus materiales. Su difusor opal le permite emitir luz difusa y acogedora para los ambientes exteriores.
