General Terms and Conditions of Sale

Prices

The prices specified in the price-list regard only standard items. A price estimate shall be given for requests regarding changes to the sizes of any models, and the customer must confirm such estimate. The prices do not include VAT.

Acceptance of orders

The orders, including orders collected by our representatives, shall be subject to approval by the company, which reserves the right to accept or to refuse any orders at its sole and indisputable discretion.

Delivery terms

The goods, whether collected directly from our production plant or delivered carriage free or carriage forward, always travel at the risk of the purchaser. The purchaser is obliged to collect the goods as soon as they are placed at the purchaser's disposal. Any delay in delivery shall not entitle the purchaser to cancel the order nor shall it entitle the purchaser to claim for damages.

Guarantee

The seller's guarantee only covers the replacement of any pieces that are considered flawed, and only when the company has been notified of said flawed pieces within ten days from receipt of the goods. Any other direct or indirect damages are excluded from the guarantee. In particular, the seller shall not be held responsible in any way whatsoever for damages that may be caused to persons or things. The purchaser undertakes to relieve the seller from every liability regarding claims or actions by third parties. With regard to goods manufactured according to the purchaser's instructions and requirements, the purchaser shall be fully responsible in the event of breach of any design rights or other similar rights, and the seller shall be held harmless from any claim or any action whatsoever that any third party may bring against him.

Sizes

Our lighting fixtures are strictly made by hand and can therefore be made to measure in any size and colour. The sizes indicated in the price-list are only approximate; therefore a size difference of roughly 10% is to be expected. The heights indicated do not include the metal chain and the ceiling canopy.
